PONMANI TAMILSELVAN

FRONT END WEB DEVELOPER

https://github.com/Ponmani0712   https://www.linkedin.com/in/ponmani-t-811080328/

Passionate and detail-oriented Front End Web Developer with expertise in designing and developing responsive, user-friendly web applications. Proficient in HTML, CSS, JavaScript, Java and modern frameworks like React.js. Experienced in translating UI/UX designs into interactive web interfaces that enhance user experience.

WORK AND PROJECTS

ATM Software
2024

Designed a console-based ATM software using Java as part of my coursework. Implemented core banking functionalities such as user authentication, balance inquiry, cash withdrawal, deposit, and transaction handling. Applied OOP principles, exception handling, and user input validation to ensure a seamless and secure experience.

Front End Web Developer – Intern

CodTech IT Solution Pvt Ltd
2025

Developed four interactive web applications using HTML, CSS, React.js, and Vue.js, focusing on creating responsive and user-friendly experiences. The projects include a quiz application with dynamic question rendering, a chat app for real-time messaging, a portfolio website showcasing skills and projects, and an e-learning platform designed for online course management. These projects enhanced my expertise in modern front-end frameworks, state management, API integration, and responsive UI design, strengthening my ability to build engaging and efficient web applications.
